RE: APC Annual Compliance Certification for the period from April 1, 2012 to March 31, 2013, dated 1-22-2013

Dear Mr. Horvath,

Your Air Pollution Control (APC) Semiannual Report (SAR) and your Annual Compliance Certification (ACC) dated 1-22-2013 were received and examined for adequacy. These documents indicated that there were no deviations from the permit requirements during the associated periods.

After reviewing these documents, I have determined that they adequately meet the reporting requirements of your permit. A review of the substance of the documents also indicates that your facility was in compliance with the corresponding permit requirements during the reporting periods. If you have questions concerning these documents, please contact me at (865) 594-5567, or my supervisor Martie Carpenter at (865) 594 5566.
